Titan Associates, Inc. dba **A.G. Maas Company** was founded in 1915 by Albert G. Maas. Maas used his experience as a pharmacist to develop many of the cleaners himself and sold them from a horse-drawn carriage in downtown Indianapolis.

Much has changed since our company's early years, but one thing remains constant even today – our unwavering commitment to our customers. We treat everyone with respect and honesty. When you partner with A.G. Maas for your facility supplies and furnishings, you're more than just a client or a number; you become part of our family. We'll do whatever it takes to solve your problem no matter how unique it is.
